

# 2020 CR-V Hybrid vs. 2020 RAV4 Hybrid

2020 Honda CR-V Hybrid

2020 RAV4 Hybrid

**2020 Honda CR-V Hybrid**  
(LX, EX, EX-L and Touring)

**2020 RAV4 Hybrid**  
(LE, XLE, XSE and Limited)

## Exterior

**All color choices: included**

Choose the CR-V Hybrid color you want—no extra charge for any color

**Red or white: \$425**

Ruby Flare Pearl and Blizzard White Pearl add \$425 to the RAV4 price tag

CR-V Hybrid features cool LED fog lights on EX and above trims

LED fog lights are not available on any RAV4 Hybrid

## Interior

The CR-V Hybrid offers 105.9 cu ft of passenger volume on LX and 102.9 cu ft on all other trims

RAV4 Hybrid's 98.9 cu ft of passenger volume offers 4-7 cubic feet less room for passengers to relax in

**Rear legroom: 40.4 inches**

CR-V Hybrid's 40.4 inches of rear legroom lets rear-seat passengers stretch out and enjoy

**Rear legroom: 37.8 inches**

At 37.8 inches, the RAV4 Hybrid has almost 3 inches less rear legroom than CR-V

CR-V Hybrid has a stunning instrument panel array, with a host of hybrid-dedicated gauges and meters

A leading automotive consumer publication says that RAV4's "tech interface looks dated despite being fairly new"

## Comfort & Convenience

**Remote start: standard**

Remote engine start is standard on every CR-V Hybrid

**Remote start: \$1,620**

You can get remote engine start on the RAV4 XSE Hybrid—but only as part of an optional package for \$1,620

A wireless phone charger<sup>1</sup> is standard on the CR-V Hybrid Touring

On RAV4 Limited Hybrid, a wireless charger is at least \$1,025 extra as part of the Limited Grade Advanced Technology Package

The CR-V Hybrid Touring has a super-convenient hands-free access power tailgate, perfect for when your hands are full

You can get a similar tailgate on the RAV4 Limited—but it's part of the Limited Grade Advanced Tech optional package for an extra \$1,025

## 2020 CR-V Hybrid vs. 2020 RAV4 Hybrid

	2020 Honda CR-V Hybrid (LX, EX, EX-L and Touring)	2020 RAV4 Hybrid (LE, XLE, XSE and Limited)
<b>Safety &amp; Driver-Assistive</b>	CR-V gives drivers a choice of three views from its multi-angle rearview camera <sup>2</sup>	RAV4 Hybrid offers only a single view
	 CR-V standard safety features include the Road Departure Mitigation System (RDM) <sup>3</sup>	This advanced feature isn't available on any RAV4 Hybrid
<b>Value</b>	Honda carefully outfits each CR-V Hybrid trim with a robust set of standard features to create easier choices and the best value for their customers	The RAV4 offers many features in optional packages that make the price add up quickly. And they bundle features that you may not want along with those you do

**The Verdict:** The CR-V Hybrid and the RAV4 Hybrid are two of the most popular SUVs; however, the CR-V doesn't complicate buying with a host of optional packages that can make it hard to get what you want without spending money for things you don't want.

- More standard features
- More passenger volume
- More rear legroom

<sup>1</sup>Honda wireless phone charger is compatible with Qi wireless charging standards. Check with your device's manufacturer for wireless capability. <sup>2</sup>Always visually confirm that it is safe to drive before backing up; the rearview camera display does not provide complete information about all conditions and objects at the rear of your vehicle. <sup>3</sup>Road Departure Mitigation only alerts drivers when lane drift is detected without a turn signal in use and can apply mild steering torque to assist driver in maintaining proper lane position and/or brake pressure to slow the vehicle's departure from a detected lane. RDM may not detect all lane markings or lane departures; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions.
