Drivers	<ul style="list-style-type: none"> <li>• Readily embrace innovation and advanced technology</li> <li>• Are committed to protecting the environment and reducing carbon emissions</li> <li>• Live where hydrogen fuel infrastructure is available</li> <li>• Want a zero-emission vehicle<sup>8</sup> without reliance on gas or battery charging</li> </ul>	<ul style="list-style-type: none"> <li>• Want to minimize gasoline consumption without changing driving habits</li> <li>• Want the range confidence of a gas engine with the benefits of an extended battery-electric range</li> </ul>	<ul style="list-style-type: none"> <li>• Want to get better fuel economy in a midsize sedan without compromising on style and performance</li> <li>• Want to reduce carbon emissions</li> </ul>	<ul style="list-style-type: none"> <li>• Want a premium compact hybrid vehicle with loads of style</li> <li>• Want the convenience of fewer trips to the gas station</li> <li>• Want to reduce carbon emissions</li> </ul>
Batteries	<p>Q: What is the warranty on Honda lithium-ion batteries?</p> <p>A: These batteries receive an 8-year/100,000-mile or 10-year/150,000-mile limited warranty, depending on the state of purchase.<sup>9</sup></p> <p>Q: What is the warranty on replacement Honda 12-volt batteries?</p> <p>A: Replacement 12-volt batteries are covered for a 100-month (8 years and 4 months) prorated limited warranty.<sup>10</sup></p> <p>Q: What happens to a Honda lithium-ion battery at the end of its life?</p> <p>A: It's harvested for metals and components so that as much material as possible may be recycled for later use. It's all part of the Honda Blue Skies for Our Children initiative—and our longstanding commitment to protecting the environment.</p>			

<sup>1</sup>68 city/67 highway/68 combined miles per gallon of gasoline-equivalent (MPGe) rating. 360-mile driving range rating. Based on 2020 EPA ratings. Use for comparison purposes only. Your MPGe and driving range will vary based on how you drive and maintain your vehicle, driving conditions, powertrain condition and other factors. <sup>2</sup>Fueling time varies with hydrogen fueling pressure and ambient temperature. <sup>3</sup>110 combined miles per gallon of gasoline-equivalent (MPGe) electric rating; 44 city/40 highway/42 combined MPG gasoline-only rating. 47-mile maximum EV mode driving-range rating. 340-mile combined gas-electric driving-range rating. Based on 2019 EPA ratings. Use for comparison purposes only. Your MPGe/MPG and driving range will vary depending on driving conditions, how you drive and maintain your vehicle, battery-pack age/condition and other factors. <sup>4</sup>240-volt charging time is measured from initial illumination of the low state-of-charge indicator, not from full depletion. <sup>5</sup>Fuel economy estimates and driving range based on EPA test data. Your actual driving distance will vary depending on how you drive and maintain your vehicles. <sup>6</sup>48 city/47 highway/48 combined mpg rating. Based on 2020 EPA mileage ratings. Use for comparison purposes only. Your mileage will vary depending on driving conditions, how you drive and maintain your vehicle, battery-pack age/condition and other factors. <sup>7</sup>55 city/49 highway/52 combined mpg rating for LX/EX trims. 51 city/45 highway/48 combined mpg rating for the Touring trim. Based on 2020 EPA mileage ratings. Use for comparison purposes only. Your mileage will vary depending on driving conditions, how you drive and maintain your vehicle, battery-pack age/condition and other factors. <sup>8</sup>ZEV (Zero-Emission Vehicle) model as certified by the California Air Resources Board (CARB). <sup>9</sup>8-year/100,000-mile warranty covers abnormal loss of capacity in the hybrid's high-voltage battery. Other warranties may provide additional coverage for the high-voltage battery. See dealer for details. <sup>10</sup>During the first 36 months (3 years) of service, a defective replacement 12-volt battery purchased from an authorized Honda automobile dealer will be replaced at no cost for the battery, labor, or installation. For the remaining 64 months (5 years and 4 months), you will receive a credit toward the purchase of the 12-volt battery. This credit is based on the then-current retail price: Months 37 to 45: 60%; Months 46 to 55: 50%; Months 56 to 65: 40%; Months 66 to 75: 30%; Months 76 to 85: 20%; Months 86 to 95: 10%; Months 96 to 100: 5%. The 12-volt battery is warranted for the time remaining in the 100 months of the Replacement 12-Volt Battery Limited Warranty. No cash reimbursement will be made. You are responsible for the labor or installation charges. See the vehicle's warranty booklet for complete details.
