

2021 Honda Odyssey

FEATURES BY TRIM

Odyssey LX

ENGINEERING

- 3.5-liter, 24-valve SOHC i-VTEC® V-6 engine with direct injection
- 280 horsepower @ 6000 rpm (SAE net)
- 262 lb-ft of torque @ 4700 rpm (SAE net)
- Variable Cylinder Management™ (VCM®)
- Intelligent Traction Management (Snow mode)
- Active Control Engine Mount system (ACM)
- Active Noise Cancellation™ (ANC)
- LEV3-ULEV70 CARB emissions rating¹
- 10-speed automatic transmission with idle-stop and paddle shifters
- Active shutter grille
- MacPherson strut front suspension
- Compact multi-link rear suspension with trailing arms
- Dual-pinion electric power-assisted rack-and-pinion steering (EPS)
- 18-inch alloy wheels
- P235/60 R18 all-season tires

SAFETY

- Collision Mitigation Braking System™ (CMBS™)²
- Road Departure Mitigation System (RDM)³
- Forward Collision Warning (FCW)⁴
- Lane Departure Warning (LDW)⁵
- Advanced Compatibility Engineering™ (ACE™) body structure
- Vehicle Stability Assist™ (VSA®) with traction control⁶
- 4-wheel disc brakes with ABS and Electronic Brake Distribution (EBD)
- Brake Assist
- Tire Pressure Monitoring System (TPMS)⁷ with Tire Fill Assist and location and pressure indicators
- Multi-angle rearview camera with guidelines⁸
- Advanced front airbags (i-SRS)
- SmartVent® front side airbags
- 3-row side curtain airbags with rollover sensor
- Driver's and front passenger's knee airbags
- 3-point seat belts at all seating positions

- Driver's and front passenger's seat-belt reminder
- Lower Anchors and Tethers for Children (LATCH)

FEATURES

- Lane Keeping Assist System (LKAS)⁹
- Adaptive Cruise Control (ACC)¹⁰ with Low-Speed Follow
- Traffic Sign Recognition (TSR)¹¹
- Auto high-beam headlights
- Rear Seat Reminder¹²
- Driver's seat with 8-way power adjustment
- Front passenger's seat with 4-way power adjustment
- Head restraints at all seating positions
- One-motion 60/40 split 3rd-row Magic Seat®
- Automatic climate control system
- Push button start
- Auto-up/down power windows (front)
- Power side mirrors
- Cruise control

2021 Honda Odyssey

FEATURES BY TRIM

Odyssey LX

- Power-folding body-colored auto-dimming side mirrors
- Heated and ventilated front seats
- Heated leather-wrapped steering wheel
- 550-watt premium audio system with 11 speakers, including subwoofer
- Multi-zone audio
- Wireless phone charger²⁸
- Acoustic-glass windshield, front- and sliding-door windows

Disclaimers

1. LEV3-ULEV70 (Ultra-Low-Emission Vehicle) models as certified by the California Air Resources Board (CARB).
2. CMBS cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. System operation affected by extreme interior heat. System designed to mitigate crash forces. Driver remains responsible for safely operating vehicle and avoiding collisions.
3. Road Departure Mitigation only alerts drivers when lane drift is detected without a turn signal in use and can apply mild steering torque to assist driver in maintaining proper lane position and/or brake pressure to slow the vehicle's departure from a detected lane. RDM may not detect all lane markings or lane departures; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions.
4. FCW cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. System operation affected by extreme interior heat. FCW does not include a braking function. Driver remains responsible for safely operating vehicle and avoiding collisions.
5. LDW only alerts drivers when lane drift is detected without a turn signal in use. LDW may not detect all lane markings or lane departures; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions.
6. VSA is not a substitute for safe driving. It cannot correct the vehicle's course in every situation or compensate for reckless driving. Control of the vehicle always remains with the driver.
7. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge. Do not rely solely on the monitor system. Please see your Honda dealer for details.
8. Always visually confirm that it is safe to drive before backing up; the rearview camera display does not provide complete information about all conditions and objects at the rear of your vehicle.
9. LKAS only assists driver in maintaining proper lane position when lane markings are identified without a turn signal in use and can only apply mild steering torque to assist. LKAS may not detect all lane markings; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions.
10. ACC cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. ACC should not be used in heavy traffic, poor weather or on winding roads. ACC only includes a limited braking function. Driver remains responsible for slowing or stopping the vehicle to avoid a collision.
11. TSR cannot detect all traffic signs and may misidentify certain signs. Accuracy will vary depending on weather and other factors. System operation affected by extreme interior heat. Driver remains responsible for complying with all traffic regulations.
12. Rear Seat Reminder functions when a rear door has been opened prior to driving and will alert the driver to check for the presence of rear seat occupants when the vehicle is turned off. If the vehicle is turned off partway through a drive and the vehicle restarted without a rear door being opened, no alert will be provided the next time the vehicle is turned off.
13. The *Bluetooth*® word mark and logos are owned by the Bluetooth SIG, Inc., and any use of such marks by Honda Motor Co., Ltd., is under license.
14. The USB interface is used for playback of MP3, WMA or AAC music files from digital audio players and other USB devices, as well as smartphone data transfer on designated Smartphone/Audio Interface ports. Some USB devices and files may not work. Please see your Honda dealer for details.
15. The system is not a substitute for your own visual assessment before changing lanes. BSI may not detect all objects behind or to the side of a vehicle and may not detect a given object; system accuracy will vary based on weather, size of object, and speed. Driver remains responsible for safely operating vehicle and avoiding collisions.
16. Always visually confirm that it is safe to drive before backing up, as the rearview camera and cross traffic monitor may not provide complete information about conditions at the rear of your vehicle. Monitor cannot detect all objects behind or to the side of a vehicle and may not detect a given object; system accuracy will vary based on weather, size of object, and speed. Driver remains responsible for safely operating vehicle and avoiding collisions.
