

2023 Honda Passport vs 2024 Jeep Grand Cherokee

| Key Comparisons | 2023 Honda Passport | 2024 Jeep Grand Cherokee |
|--------------------------------------|---------------------------------------|--|
| Horsepower | 280 @ 6000 rpm (SAE net) | 293 @ 6400 rpm |
| Maximum Cargo Capacity | 100.7 cu ft | 70.8 cu ft ¹ 84.6 cu ft ² |
| Maximum Towing Capacity ³ | 5,000 lbs | 6,200 lbs |
| Wheels | 20" alloys standard on EX-L, Elite | 21" alloys standard on Summit Reserve |
| Automatic Climate Control | Tri-Zone on all trims | Dual-Zone on Laredo, Laredo X, Altitude, Altitude X, Limited and Overland |
| Curb Weight | 4,262 lbs for Elite | 4,784 lbs for Summit |
| Power Moonroof | Standard on all trims | Not available on Laredo, Altitude; extra cost on Limited |
| Walk Away Auto Lock | Standard on all trims | Not Available on any trim |

The Verdict: Offering vastly more cargo room for greater versatility, much lighter curb weights for responsive dynamics, and more standard features for comfort and convenience, the Honda Passport earns the win!

¹Two-row trims

²Altitude X

³Towing requires accessory towing equipment. Please see your Honda dealer for details.
