**The Verdict:** More power for greater responsiveness and more standard comfort, convenience and awareness features make CR-V Hybrid the better way to go!

<sup>1</sup>Total system horsepower (ISO net) as measured by the peak, concurrent output of the two electric motors and gasoline engine. <sup>2</sup>Based on 2024 EPA mileage ratings. Use for comparison purposes only. Your mileage will vary depending on how you drive and maintain your vehicle, driving conditions, battery-pack age/condition and other factors. <sup>3</sup>TSR cannot detect all traffic signs, may misidentify certain signs and does not include any braking or speed control functions. Accuracy will vary based on weather and other factors. System operation affected by extreme interior heat. Driver remains responsible for complying with all traffic regulations.
