ALG Residual Value (36 months) ³	52% for LX	43% for SEL

The Verdict: The Civic Sedan offers more power for spirited driving fun while offering a wider range of comfort and driver-assistive features—and keeps a lot more of its value down the road. The Honda is the clear winner!

¹Based on 2024 EPA mileage ratings. Use for comparison purposes only. Your mileage will vary depending on how you drive and maintain your vehicle, driving conditions and other factors. ²ACC cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. ACC should not be used in heavy traffic, poor weather or on winding roads. ACC only includes a limited braking function. Driver remains responsible for slowing or stopping the vehicle to avoid a collision. ³For 2023 models as of 11/1/2023.
