

2026 Honda Civic Sedan vs 2025 Toyota Corolla Sedan (Non Hybrid trims)

2026 Civic Sport Touring Hybrid Sedan shown

Key Comparisons	2026 Honda Civic Sedan	2025 Toyota Corolla Sedan
Horsepower	150 @ 6400 rpm	169 @ 6600 rpm
EPA Fuel-Economy Ratings ¹ (city/hwy/comb)	32/41/36 (LX)	32/41/35 (LE)
Wheels	16" steel standard on LX	16" steel standard on LE
Automatic Climate Control	Standard on all trims	Standard on all trims
Adaptive Cruise Control (ACC) ² w/Low Speed Follow	Standard on all trims	Standard on all trims
Rear Suspension	Independent multi-link on all trims	Torsion beam on LE
Rear Seat Reminder (RSR) ³	Standard on all trims	Not Available on any trim
Passenger Volume	99.0 cu ft	88.6 cu ft

The Verdict: A longer list of standard comfort, convenience and assistive features plus a much roomier cabin make the Honda Civic a clear winner in this showdown!

¹Based on 2026 EPA mileage ratings for Civic and 2025 ratings for Corolla. Use for comparison purposes only. Your mileage will vary depending on how you drive and maintain your vehicle, driving conditions and other factors. ²ACC with Low-Speed Follow cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed, and other factors. ACC should not be used in heavy traffic, poor weather, or on winding roads. Driver remains responsible for safely operating vehicle and avoiding collisions. ³Rear seat reminder functions when a rear door has been opened prior to driving and will alert the driver to check for the presence of rear seat occupants when the vehicle is turned off. If the vehicle is turned off partway through a drive and the vehicle restarted without a rear door being opened, no alert will be provided the next time the vehicle is turned off.
